- Available in 2", 3", 4", 6", 8", 10" and 12" widths and 25- and 20-gauge
- Standard length is 10'. Other lengths and coil stock are available

Backing Plate

Backing Plate (BP)

Dietrich backing plate is a general multipurpose flat stock that is used for backer plate to support shelves, cabinets, fixtures or handrails when applied to metal framing. Backing plate should not be used as tension strapping or cross bracing. Diagonal Tension Strapping (DTN) should be used in those applications.

Backing Plate (BP)
