

## Used to secure U-channel in back-to-back framing applications.

- 1-1/2" x 1-1/2" legs.
- Available in 3", 5-1/4", 7-1/4" and 9-1/4" lengths.
- Available in 16, 14 and 12 gauge.
- Pre-punched for faster and more accurate fastener placement.
- G 90, 50 ksi steel.

Dietrich EasyClip™ B-Series™ support clips are used to secure U-channel to wall studs in back to back applications. The shorter leg of the B-Series™ clip enables the clip to be installed inside the C-shape. The B-Series™ clip can also be used on single studs where the clip is preferred to be inside the C-shape. B-Series™ clips are prepunched for faster and more accurate fastener placement.
